Astro-Cut BCL HW

OVERVIEW

ASTRO-CUT BCL-HW is a heavy duty BIOSTABLE semi-synthetic general purpose metalworking coolant containing approximately 20% mineral oil. This product, when diluted with water, forms a translucent amber emulsion which offers excellent workpiece visibility, good lubricity, and superior cooling. ASTRO-CUT BCL-HW is designed for the machining and grinding of virtually all metals, except magnesium, and contains chlorine as an extreme pressure additive for greater lubricity. ASTRO-CUT BCL HW incorporates unique additives to prevent the formation of hard water soaps in systems with extremely hard water.

APPLICATIONS

ASTRO-CUT BCL-HW is designed for use in metal removal operations such as all CNC milling, turning, drilling, tapping, and grinding. ASTRO-CUT BCL-HW is also excellent on conventional machining processes and sawing applications.

RECOMMENDED CON	CENTRATION	3 1					
Application		Concentration		F	Ratio		Refractometer
Miling, Driling, Turning		5%			1:20		2.6
Centerless, ID, OD, Surf	ace Grinding	4%			1:25		2.1
Tapping, Sawing, Ream	ning	10%			1:10		5.2
MIXING							
Concentration	4%	5%	6%	7%	8%	9%	6 10%
Ratio	1:25	1:20	1:17	1:14	1:12	1:1	1 1:10
