Astro-SOL A-XBP

OVERVIEW

ASTRO-SOL A-XBP is a medium-to-heavy duty biostatic soluble oil. This product was designed to be extended with water for the machining and grinding of virtually all metals except magnesium. This chlorine-free formulation is especially suited for aerospace and other applications which restrict the use of chlorine. ASTRO-SOL A-XBP has exceptional foam control for high pressure operations and was designed using raw materials that have the ability to resist extreme biological degradation, thus providing very long sump life in a properly maintained machine tool.

FEATURES & BENEFITS

- · Eliminates Need for Tankside Additives
- · Mild Pleasant Odor
- · Excellent Corrosion Inhibition
- · Very Long Lasting
- · Excellent Hard Water Stability
- · Operator Friendly

TYPICAL PROPERTIES

APPLICATIONS

ASTRO-SOL A-XBP is designed for use in metalworking applications such as all CNC milling, turning, drilling, tapping, grinding and sawing applications.
