

FOR USE ON SATURATED GREEN BOOM ABSORBENTS

# Oily™

## Green Boom's oil degrading remediation material, Oily™ provides a zero-waste solution to your oil spill clean-up.

The remediation material can be added to degrade absorbed oil. Simply sprinkle it on the used Green Boom absorbents and the hydrocarbon eating bacteria make the oil break down in just a few weeks.

100% BIOMASS

100% BIODEGRADABLE

RAPID DEGRADATION

OILY™
