

FOR USE ON LAND & WATER SURFACE

# Pads

## Green Boom's pads provide rapid absorption for marine, land and industrial environments.

Pads quickly pick up oil and grease from all surfaces and environments. Each pads can absorb up to 20 times its own weight and you can easily re-use your pad.

AVAILABLE IN STANDARD INDUSTRY SIZE SHEETS

SIZE	Small
DIMENSIONS	15in x 20in
ABSORBENCY	0.4 Gallons / pad
QTY/CASE	100 pads per package
SKU	M2015

- The flexible material is made to fit in very tight spaces, whilst having excellent oil absorption capacity on land, water and industry environments.
- Strong UV resistant cotton fabric for long-term outdoor use. Passive absorption in wells or under leaking equipment is no match for our pads!
- No need to view the spilled oil as lost, with these pads one can easily squeeze out the oil to use the oil and the pad again, providing benefits to the environment and the wallet.
